

TODAY GIRLS TOMORROW WOMEN
ORGANISATION - BUGIRI
17th / Oct / 2014.

TO AMALIA BENKE
ECO-INTERNATIONAL.ORG

Dear Sir / Madam

RE: NOTE OF THANKS

With great gratitude, we would like to extend our sincere thanks to Benke Amalia-Eco International who has sponsored our training for making re-usable pads. Goals to improve on the livelihood of the girl child may the good Lord reward you abundantly.

We do thank the entire Administration and management of Days for Girls-Uganda who have provided us with the knowledge and skills through their teaching and instruction, we are really very grateful.

Not to forget is the management and Administration of Bugiri hospital which through their good collaboration has allowed such training to take place, our humble request is that please keep the doors open for more stakeholders to flow in.

Lastly, this goes without saying that we the beneficiaries of the training are committed to work hand in hand with our sponsors, trainers and Bugiri hospital Administration to uplift the well being of the girl child through good menstrual hygiene.

On this note therefore, we are looking forward to your continuous support and training programmes that will help us to achieve this goal.

Thank you very much our sponsors for the startup capital stock.

LONG LIVE "TODAY GIRLS, TOMORROW WOMEN" ORGANISATION
Bugiri.

God bless you all. for God and my country.
